Getting started with SaaSTech Servers

Create your free account before contacting support. Keep the detachable record private.

1 Create or sign in to your account

Use an email you can access and follow the secure account prompts. No purchase is required.

2 Keep your customer number and call-in PIN ready

Support may ask for both during a call you initiated through verified Contact Us.

3 Enable two-step verification

Have your registered phone or authenticator device with you when calling SaaSTech Servers; you may need it to sign in or verify the account yourself.

Update your call-in PIN at pin.saastech.net or in My Account after signing in.

Never share your account password or call-in PIN with someone helping manage your services. Each helper should create their own SaaSTech Servers account and receive only the delegated permissions they need. Review purchase/payment and account-security permissions carefully.

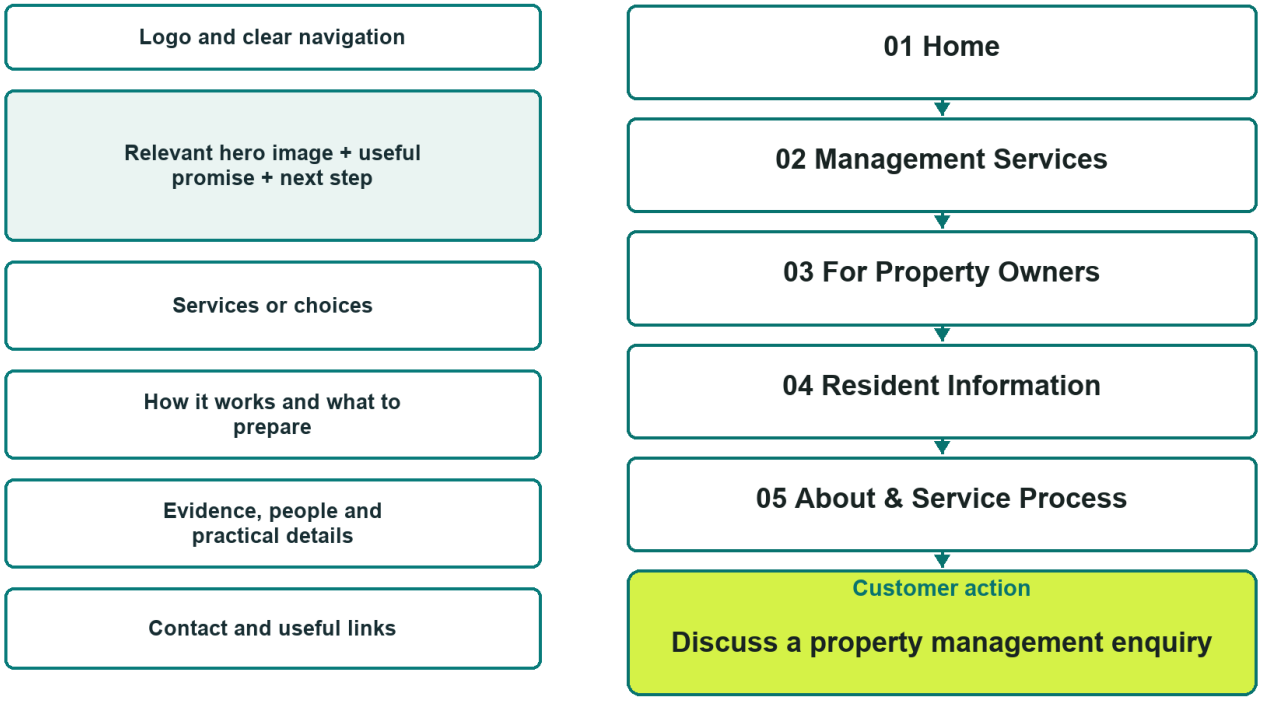

For official support, give the call-in PIN only during a call you initiated through verified Contact Us. Never share passwords, sign-in verification codes or recovery codes.

Do not record passwords, verification/recovery codes, security answers or payment details here. Keep this card safe and cut or tear it out before sharing the workbook.

Use a secure password manager for passwords and recovery information.

Property & Condominium Management Website workbook

A practical workshop for a 5-page website. Study the example, plan the content and draft your own version in Word or on paper.

Before you build

Your business supplies the facts. Prairie Corner Property Management is a fictional teaching example, not a live service.

- ☐ Discuss a property management enquiry
- ☐ Verified business identity and current contact information
- ☐ Clear request and confirmation process
- ☐ Choose original photographs and confirm permission to use them.
- ☐ Keep private customer records out of public website forms.

Clear communication for your property community.

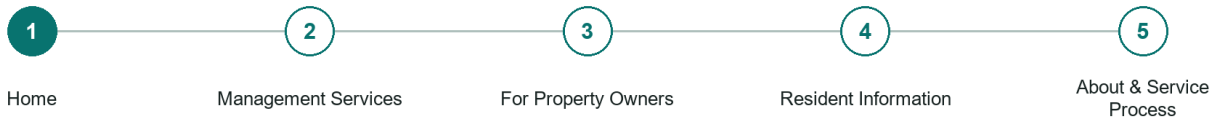

Explore management services and find the right contact route for your question.

Owners can review the management approach and request a separate discussion about service fit. Residents can find the approved route for routine matters and follow their building's verified emergency instructions. This public demo does not collect leases, identification, banking details or access codes.

Management services, clearly explained.

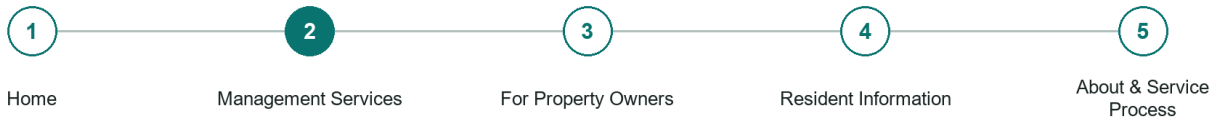

Tell us about the property type and the support you want to discuss. We review each enquiry, explain the services that may fit, and confirm any proposed scope separately.

Owner enquiries, resident support and the service process each have a distinct route. A private conversation confirms what the team can take on.

Suggested button: For property owners

Website advice

Describe verified service packages, property types and area coverage. Avoid implying guaranteed occupancy or returns.

For Property Owners

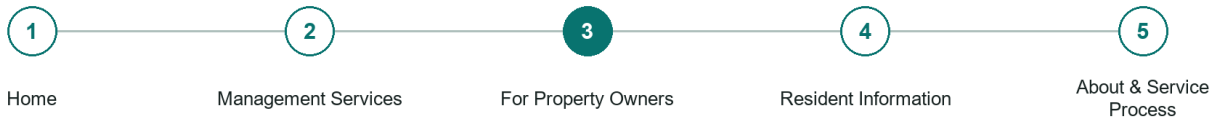

Start with a conversation about your property, priorities and current arrangements.

We review service fit, responsibilities and communication expectations before proposing a scope. Any proposed terms or document review happens privately, not through a public website form.

Suggested button: Arrange a private discussion

Website advice

Explain discovery, scope review and proposal steps. Keep financial and legal documents in private systems.

Resident Information

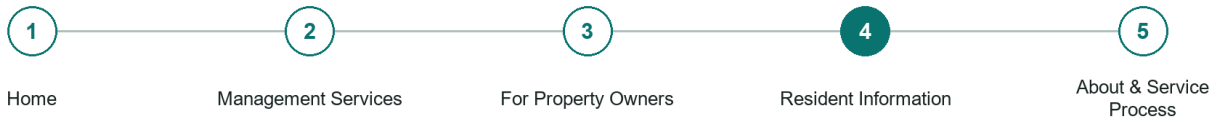

Routine building questions and maintenance requests belong in the approved resident process for your property. Use this page to find the right route, not to submit private records.

Follow the portal or support instructions supplied for your building. Staff confirm how requests are recorded and answered. Urgent issues follow the building's verified emergency instructions.

Suggested button: Follow the approved resident route

Website advice

Provide a clearly maintained path to the approved resident portal and maintenance process, distinct from emergencies.

About & Service Process

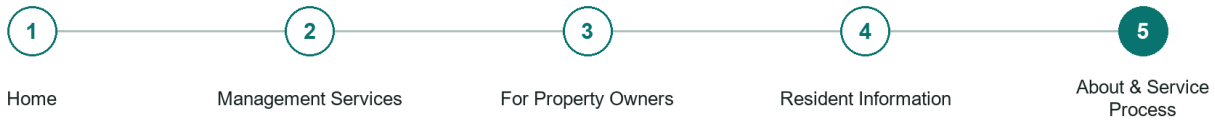

Meet the team responsible for coordinating enquiries, property communication and service reviews. This fictional example makes no unverified credential or affiliation claims.

We begin with a discovery conversation, verify the service scope and responsibilities, and then prepare any proposed terms separately.

Suggested button: Review the process

Website advice

Show the team, verified experience and communication responsibilities. Publish only approved affiliation claims.

Test before publishing

Review the whole journey on a desktop and phone. The industry page pairs each desktop capture with its mobile preview and provides the complete sample page copy.

□ Fictional management example only. Verify licensing, service scope and emergency instructions with the operator. Do not collect leases, identity documents, entry codes or banking information on public forms.

□ Verify contact routes, hours, location and every offered service.

□ Remove invented prices, claims, testimonials and availability.

□ Keep sensitive records and payment details out of ordinary public forms.

□ Check all image permissions, downloads and page links on a phone.

□ Check every link, form destination, download and confirmation message.

□ Check logo contrast, hero framing, text sizes and image loading.

□ Save a named backup and assign a content-review date.
